If you have to pass the IELTS test, and this is your first time, or you have failed to reach your target score in IELTS before, please know this: The latest official IELTS report showed that testers from the top 40 countries scored on average below the 6 range (in academic and general training tests). At the same time, most universities want you to score 7 or higher - and most immigration laws require a group of 6.5 or higher. But how can you beat the average? Is it possible? Yes, it is certainly possible. You can beat the stats and raise your score to Band 7, perhaps Band 8 - or even Band 9. If you're willing to listen. From: Simone Braverman Founder IELTS-Blog.com friend, any successful IELTS test-taker knows that..... There is no magic way to get a big score in the exam. Here's the formula: Your success depends on only one thing - how you solve problems. The way you answer questions and write your reports and essays. And people who know the right way get higher scores. But people who don't get it - the score is average or lower. It's really that simple. The good news is that everyone can learn the right way quickly and easily. Even better news is that at one point you might have access to it. You are literally one click away from a book that is GUARANTEED to help you maximize your IELTS score. It's helped thousands of students score more points in IELTS, and it helps you - that's a promise. This book is 100% GUARANTEED to maximize your IELTS score and turn your exam preparation from chaotic and frustrating systematic, productive and enjoyable. Between us, does that sound familiar? You should get a high score in IELTS, and have no idea how to do it. Writing a good essay is difficult because you don't have enough ideas and they take a long time to generate. By the time you have something to write, there is not enough time to finish writing. You have trouble expressing your thoughts and the sentences come out just wrong. The graphs are hard to describe because you have a problem with their analysis (well, you're not a scientist, right?), and no matter how much you try, any report takes more than 20 minutes. How would I know that? Because I was there, too. I know what it's like not to have time in a reading test because passages are hard to understand and questions are confusing. I know what it's like to be a slow reader and always lose time, or concentration, especially if the lyrics are long. I too felt frustrated to lose my grammar points because there is no time to check your answers. I understand the desperation of not being able to reach your target The Score Band, no matter what you do. Like you, I was nervous during the conversation, worried about my grammar or pronunciation, and desperately looking for the right word to say. You are not the only one whose English is often misunderstood by people, and who is convinced that if there is In practice in the c, they will never be better. It's not just you whose mind goes blank when you need to talk about the topic for 2 minutes, who is left with no idea what to say or without words in their vocabulary. And it's not just you who panic in the audition section when they go too fast, or talk with an accent, or because it's hard to concentrate and you're afraid to miss the answers. If any of this describes your IELTS training, I have some good news for you: I had everything. And I know how to help. You are about to be given a step-by-step guide to IELTS training that will transform your training from an unpleasant, time-consuming, long, boring and hopeless experience into an effective, focused and much shorter one. At any stage you will know exactly what you are doing and why, your confidence will grow quickly because of the results you will receive and you will not just learn - you will be preparing for maximizing your IELTS score. Even if you work from 8 a.m. to 6 p.m., even if you're a student and have other exams to worry about, and even if parenting takes up almost all your waking hours - this guide will help you match IELTS training on any of your busy days. And when you take the IELTS exam, get ready to wonder about your score - it may be higher than you expected. Click here to find out how to score Higher! I showed you other people like you who do exactly what you want ... Do you at least believe that this is possible for you? Just some of the people whose life my advice has changed forever: Total group: 7.5 (yehay!) Hi Simon, as I promised, I inform you about the results of my IELTS exam. Listening: 8 Reading: 8 Writing: 7 Talking: 7 Total Group: 7.5 (yehay!) Thanks again for everything I've learned. - Ann (Canada) I need 7 and I got it! Hi Simone, below were my results. I need 7 and I got it! I am very happy! Listen to 8 Reading 7.5 Writing 6 Talking 7.5 Overall Group 7.5 Thank you so much for preparing! - Paula, Brazil ... Fantastic news: my group score 8! I thought I would contact you to share the fantastic news I received this morning. I passed the IELTS academic test in London and just got my result. My total group score is 8! To prepare, I accessed the material on your blog and used your book Target Band 7. I believe that without your help I would not have been able to achieve such a great result. Thank you so much. Good Relations - Nora (UK) Now I can go to university and further my education nurses Your tips and books are a huge part of my success. I got the overall group score of 7. I got all 7 in reading, listening and writing. My talking streak is a score of 7.5. Now I can go to university and continue my nursing education here in Australia. I remember it was only three weeks before my test, and I asked for your help. scared then and thought I wouldn't do it in the test. The book explained everything clearly. Writing a task became easy after I read read Book. All the details were discussed. Thank you very much! - Katherine (Australia) Great exam preparation experience ... and 8.5 in the IELTS academic module, I passed the exam and got 8.5 in the IELTS academic module. Without your help, I don't think I can do it. My reading was 9.0, the talking and listening was 8.5 and the writing was 7.0. In preparation for the test I read through all your emails. IELTS-Blog.com helped me generally write better, speak better, read better and listen better. It has been a great exam preparation experience and I keep the benefits of this training not only in the form of an IELTS report form with an excellent score, but also as an improvement in English skills for my professional and personal life. I just received a letter with an offer from UNE for a diploma of higher education. Thank you again. - Victor (Australia) At first IELTS really scared me... but the book motivated me ... And I did it! TARGET BAND 7 - sounds simple, but means a lot to me! I looked at a few books before getting ready for my IELTS. I got so much review material from a reviewer on practice materials, but when I heard about target Band 7, this book sounded great. And it really pleased me when I read a lot of reviews about the book. I said: I WILL BE ONE of them. And here I am, proudly giving my testimony. Target Band 7 is simple, but contains true and important information about IELTS. I found it very useful in my review. At first I was very scared to take IELTS without proper review at the center of the review, but the book prompted me to do it myself. And I did it! I passed the academic exam, with the help of nothing but the target group of 7 books. I passed the exam, with a total group score of 7 and 8.5 to speak. For those who want to take IELTS, try this book... and prove it yourself, to be the next person who will proudly write a testimony. Thanks to Target Band 7, I owe you one! - Rommel (Philippines) Band 8.5 with 9 in conversation ... Fantastic! I scored group 7 when I first gave my IELTS with 6 in writing. I was absolutely dissatisfied, but advice from successful candidates encouraged me to reappear on this exam. I made another sincere attempt to reach the group 7.5 with a respectable account in writing. Conversely, my result went beyond my expectations as I got 8.5 in the academic module with 9 in conversation. It was absolutely amazing and there were no expectations associated with the result. So you and target Band 7 deserve huge applause from all those who have benefited from you. Thank you for coming to my rescue. - Divya (India) Title: Nikonian Result: Band 7.5 Nikonian took IELTS 3 times. The first time, in front of Target Band 7, he scored 6.0 overall. Its main problems: 1. Listening: Nervousness, panic, could not concentrate. He was very nervous for the first 10 minutes of the test, was wasting time, was losing concentration and could not on the simplest simple in the first and second sections. 2. Reading: The search for answers took a very long time and was confusing. 3. Writing: not enough time to review written work, spelling errors, poor task structure. 4. Time: Nikonian's full-time job barely had time to prepare IELTS. Improvement: 6.0 to 7.5 ExamHowListeningReadingWritingSpeakingOverall-1Without Target Band 76.56.55.06.06.2Sortly after reading Target Band 77.0 7.06.57.57.03Source:3Pm with Target Band 777.07.07.57.55 Nikonian says: This is a fantastic book and the best summary of how to beat IELTS I've ever read! I used to take IELTS twice, but I never got 7 for any section (shameful!) Since I read your book, I immediately scored 7 overall, but that wasn't enough for me - I had to get 7 in all sections (my letter was 6.5). I took another exam soon after and my overall score was 7.5 with all groups 7! I have not attended any IELTS test preparation. I also didn't have much time to prepare because of my full-time commitments. I only had 3 hours a day for 3 weeks for my preparation between the last two exams. So I can say that my English proficiency had not seen significantly improved by then because the interval between exams was too short (theoretically, we could only improve the 0.5 IELTS group during the 10 weeks of intensive training). Most of the time I just read your book. And I did it! Thank you very much. This book contains very useful information that you won't find in other IELTS tutorials. Asya, who received Total Band 8, says: This book is brief, but has very useful information that you won't find in other IELTS tutorials. In the listening section I find it particularly useful to exercise on names/spelling numbers. I asked my American roommate to write down the names and numbers in the book, and trained until I could think about letters and numbers in English, not in my native language. I also liked the strategy of the first purpose of the written section (report). I learned the names of all these shapes (graphs, graphs, tables and diagrams) and how they differ. In this book, each type of digit is explained separately and there is an essay sample for each type. I have never written such a report even in my native language since I am a major in legal history and we have never worked with such data. At first I thought I would never be able to write a report like this. With the help of the book, I learned to interpret these graphs and graphs, to see their structure and organization, and to describe them correctly. There are many examples of graphs, diagrams, etc., and many practical tasks as well in this book. This is exactly what I was looking for and something that is not very well done in other IELTS tutorials. The talking section contains very good hints and examples too. Examples of answers give a very clear how to talk on the test. There are also dozens of practical tasks, many of which could be on a real test. I liked it too. about behavior that helps to make a good impression on the examiner. - Asia (Russia) ... The goal was Band 8 - but I scored Band 9 in the Test! I would like to express my gratitude to you and your team for the work you have done and are doing by putting together the IELTS-blog and book Task Force 7. The information in the book and from the website helped me not only reach my goal 8, but make even better and score group 9 in the test! I was quite amazed when I got the results back the other day and I know that reading your book and all the tips from the website and daily emails helped me achieve this, basically by getting to know the test structure, dropping all the traps, and getting some practice with all the parts of the test. - Christophe (Australia) ... I managed to score 7. The writing tips were the most convenient. Dear Simone, I managed to score 7 points in writing and talking, while listening and reading was 6.5, but the overall group was 7. I applied almost all of your tips to the test. The most useful tips were reading them and paraphrasing those (which were my weaknesses). In addition, the report writing tips have been very helpful. Essay writing tips were the most convenient. - Saira (Pakistan) I only read your book Target Band 7 for one day, did one practice test and then got 6.5 overall group score. Dear Simone, thank you from Vietnam. I am an 18 year old boy who just took IELTS. I only read your Target Band 7 book for one day, did one practice test and then got a 6.5 total group score. Thank you so much for your help!!! Most of the tips in reading and listening parts really helped me a lot. The most useful section in your book is pocket tips. I think we only need advice in this 3-page section to achieve a good result. Other sections contain explanations to help us understand the tips in this section. The book has given me a lot of experience that I usually have to do a lot of practical tests to get. Time was one that I didn't have, and your book is great for guys like I :) - Le Van Hong Chan (Vietnam)... Total score of 7.5. All I did was read your book. Hi Simone, I had a total score of 7.5. All I did was read your book and it really helped as there were just no surprises in the test. I could obviously have gotten a much higher score if I had followed your training plan, but I just didn't have the time. I started a new job and I'm working on a lot of projects at the same time, hence with a little effort I put in the IELTS test I'm happy with. My scores are: Listening to 7.0 Reading 7.5 Writing 7.5 Talking 7.5 - Meganen (Australia) I find your book the best source because it showed me how I should work. Hi Simona, I think your book is the best source for IELTS because it showed me how I should work. Listening - all the tips were great and helped me more my audition. When I started reading I had more problems than with any other skills, I couldn't do it in 20 minutes, so first first read your tips and I started doing one test every day and throughout the day I worked on my problems. Writing - I've written your examples a million times or more in one month. After that I realized that this is the main thing to describe. I didn't have any problems at the IELTS exam! - Shirin (Iran) ... I started to understand how to build an essay for IELTS. I would like to say a big thank you for your book Target Band 7, it was very helpful to me and I will definitely recommend this book to my friends. The following two sections are most useful to me: - Writing Task 2 - actually from this section, I began to understand how to build an essay for IELTS. - 21 days schedule (actually, I studied according to this plan before I took the test) - Pinky (Myanmar) I got the IELTS results and they were much better than I expected. I'm Band 8! Dear Simone, I am very happy because today I got IELTS results and they were much better than I expected... I'm Band 8: I scored 8.5 in listening and reading; 8 in speaking and 7 in writing. And I was so afraid I wouldn't be able to reach 6.5! Just for the record, I could have done better in the Writing section, but I miscalculated the time. I have nothing to say, but thank you for your great work. - Marie (UK) ... Your book has been very helpful, especially tips for reading the test. My total was 6.5, 6 in writing and reading, 6.5 in listening and 7 talking. I would like to say thank you, your book was very useful, especially tips for reading the test. Thank you for everything!! - Alcei (UK) I got 7.5 per academic module, applied and won a scholarship! Hi Simona, I got 7.5 in the academic module, applied and won a scholarship! I'm so happy I wanted to thank you. Task Force 7 has been very helpful in my preparation; It is very useful for those who do not have time to prepare. Everything in the book is easy to understand and includes the most important things and tips. I find this very useful for those who don't like to spend a lot of time preparing for IELTS. I used other many materials from the Internet, but this book was the only one I used when I needed to repeat the material. I especially liked the Letter section, where everything is written accurately and expressions, phrases for each type of graphs are given. This helped me overcome the difficulties with writing as it was my weak spot, I learned to write in a logical manner and a lot of connections to use. Also, I liked that the return sheets that are given because I was worried that I didn't know what it looked like and was afraid to make mistakes when writing the answers. In addition, there are sample reports for each type of graph, and we are given a variety of topics for the practice of speaking and writing - Akgul (Kazakhstan) I only had a week to prepare for the exam... I've got 7.5! Task Force 7 has helped me a lot in my IELTS exam, especially in the writing category. The last time I IELTS I only got 6.5 in writing and so I was not able to meet the required score (minimum 7). Fortunately, while I was looking for some reviewers on the web I found an IELTS-blog website and so I grabbed the opportunity to get an ebook. Actually, I had a week to prepare for the exam. When I got the result, the first thing I noticed was my letter score. It was really an achievement because I got 7.5! Thanks for Simone's advice! They really work! Group rating: 7.5Listening: 7.5 Reading: 6 Writing:7.5 Speaking:8 - Reggie (Australia)... surprised and pleased with the result - Band 8.5! Hello Simon, yesterday I got my result and was very, very surprised and pleased with the result - Total Band Score 8.5! - Petra (Germany) I have a group score of 8... Your book was so fundamental to my preparation that without it I would barely get 6.5 Dear Simone, I just got the IELTS results and I'm very happy! I have a group 8 overall score. Personally, I can say that your book was so fundamental to my preparation that without it I think I would barely get 6.5. It has an excellent approach and I have already recommended it to all my friends who are thinking about taking IELTS. My detailed group score: Listening: 7 Reading: 9 Writing: 8 Talking: 8 Thank you very much! - Leonardo (Brazil) ... I'm sure you can achieve your score in IELTS with Target Band 7 because I did it!!! To read my biggest problem was, as for everyone else, time. 15-20-25 rules, maps and fishing, even scanning tips gave me time to finish the entire passage in time, even go back and check the answers again got me some simple points. Listening to your tips helped a lot with a listening speaker will give stress to the answers and not change your mind. Finally Writing was my bogeyman. I was totally afraid of essays and even a report, but after reading out my comments twice, it looked a little easier. I won't lie, the first 3 reports were very difficult for me, but after that I had a clear picture of how it should look and I memorized four or five sentences and some additional words, everything went much easier than I thought, and the same thing happened with the essay as well. Good luck to everyone! P.S. With 3 hours a day for 21 days I'm sure you can reach your score in IELTS with Target Band 7 because I did!!!! - Eموke (United Kingdom) Click here to make your IELTS successA these test takers are any different from you? No, it's not. These are ordinary people with different English skills. The only thing they did was put their doubts aside... and give this e-book a try. If you too can just put your doubts aside for a short time, you can see for yourself what it's like to get a score in IELTS you never thought possible, and to have your friends beg you Please teach me And now the important question: What makes me think I'm qualified to help you? Hello. Let me introduce Correct. My name is Simone Braverman, I am the founder of IELTS-Blog.com. I help busy people whose English is far from perfect to score a high score in IELTS (higher than they ever expected) after a short training in their spare time - even if they have scored low previously, have a learning disability, are too busy working 7am to 7pm or are afraid of death exams. And I've been doing this for 10 years. You see, I've helped people from all over the world learn, prepare and score high in the IELTS test. Implementing only a few of my proven methods, ordinary people have become high achievers. The list of people I've worked with on a case-by-case basis is endless. Working with all these people has provided me with what you need and I want to give you ... Experience! When I was preparing for IELTS back in 2005, the IELTS blog didn't exist. In those days there were not many websites to prepare IELTS. So I created it thinking - if I need an all-encompassing resource to prepare IELTS, there will be other people who need the same. Now IELTS-Blog.com ranks #1 IELTS training at Google - obviously because the smartest search engine in the world considers IELTS-blog the best resource for IELTS training. More than 30,000 people have signed up for daily tips and updates from IELTS-Blog. My e-books have been downloaded more than 352,000 times. My books Target Band 7 and Ace the IELTS are repeatedly featured in the list of the 10 best IELTS books published TestStudyGuides.com, along with books by very large and well-known publishers such as Cambridge and Barron. In 2013, IELTS-Blog was visited by more than 4 million people from all over the world, who downloaded more than 13 million pages. IELTS-Blog won the People's Choice Award for Best Australian Blogs of 2014, held by AWC. The British Council is pleased to recommend the IELTS blog on its list of resources. My articles have been featured in well-known internet sites such as About.com and Examenglish.com. Not only students and professionals, but also teachers use my books to prepare their students for the IELTS test - and here's what they say about Target Band 7: Great Choice! As an English teacher who teaches IELTS students, I must say that I am very impressed with this book. It contains important information to help students in all areas of the test. The book is based on numerous studies that have been summarized by the author, so it is easy to read. Target Band 7 is a worthwhile investment for people who want to do their best in the IELTS test. I highly recommend it. - D. B. (Australia) Target Band 7 is breaking new ground in the IELTS materials market because its author actually took the IELTS test and reached a high level! This makes many explanations and tips really relevant and user-friendly and helps connect the reader to the writer in a genuine way. The book is organized in many, managed sections and written in style that makes proposals to increase the IELTS score are easy for non-English speakers to access, read and absorb. Definitely a welcome resource for busy testers. - Stephen Slater, English Language Centre at the University of Southern Australia. For Stephen Slater's books, visit . My books, published by Amazon.com, America's largest online bookstore, attracted a 5-star rating (much better than the Cambridge Book Rankings, by the way). Guess which book #1 in search of academic ielts... this is right, Task Force 7.Here are some reasons why people gave my books 5 stars: This should be a book if you prepare yourself for IELTS. I always thought IELTS about knowledge of English, but I was wrong. IELTS is all about methods and strategies in response to 4 IELTS components. I bought an e-book a few months ago, but didn't have time to sit in front of the computer quietly to study. With hardcopy available now, I can take it with me wherever I go and it is very convenient. This not only gives me the necessary knowledge to sit behind IELTS, but also to improve my English in general. Thanks to Simone for writing this book and I highly recommend this book if you are preparing for IELTS. - Jesse Chong (Singapore) Right to the point This book is very useful. He approaches 4 skills very well. This is a very easy book to understand, with easy language, it is very specific and the tips will help you go straight to the point so you don't lose your precious time. This is the most important thing in this test. I could improve a lot of 4 skills, I write much better and faster, with references to exercises I could improve my reading and listening, and after the tip of the book I recorded my conversation and could see my mistakes. Also, the price is fair, not like other materials that are so expensive. And Simone answered all my questions very quickly, so I had more support than I thought. - Camilla M. Trinidad (Brazil) So yes, I can help you maximize your score because ... First, I did it myself - it allowed me to migrate and live in Australia, a wonderful country that I now am a citizen of. Next, I helped my friends and family ace their IELTS exams and get them processing visas and university applications now. My best friend got his PR visa to Canada, another very good friend was admitted to Harvard University and my brother and his girlfriend got permanent residency visas in Australia. They all passed IELTS with a higher than required score group, and needless to say, they all use my books. Last but not least, I have been helping thousands of students succeed in their IELTS exams since 2005.... got a great score with your help and support. I finished my IELTS and got a great score with your help and support. Thank you. Honestly, I've been learning English all my life, so my team over English was pretty good. I only had a weekend to read your book, but I found it helpful to know what was expected in the IELTS exams. - Anaga (New Zealand) I passed the IELTS exam! Dear Simone, all your advice has served me as a guiding tool to take my IELTS with confidence. And here's the good news: I passed the IELTS exam! Listening: 7, Reading: 7, Writing: 8, Saying: 7 Thank You Much, and God Bless You! - Maria, Australia ... got more than the 7.0 I really needed! I got a total of 7.5 with all the parts more than the 7.0 I really needed! Your e-book and IELTS blog has been very helpful to prepare it in a short time. - Cis (Australia) ... The tips in your book were a great help for me Dear Simone, all the tips in your book were a great help to me, especially in reading and listening. On my first exam I didn't know how to approach the reading part, so I couldn't finish and ended up guessing the last part. But this time I'm happy with my part reading. - USA) ... I didn't have any terrible surprises! I saw on the internet I scored Band 7 and I am very happy! Reading the book, I got the confidence to do the exam. The tips helped me get a better idea of the test and how to use time wisely. In particular, numerous examples of possible speech subjects have also made me feel comfortable to encounter an expert. In addition, a few writing tips have been helpful as well. I didn't have any terrible surprises! - Yanaina (Brazil)... my wife achieved the desired assessment of the group. Hello Simone, we are very happy to inform you that my wife has reached the desired group score. Thanks to Target Band 7. We are very grateful to you. She secured listen to 8 Reading 9 Writing 7 Talking 8 In a Total 8 We Are in joy celebrating success. It reinforces a giant leap in my wife's career. I will definitely recommend Goal 7 to all our friends who are struggling with ielts... Thank you again. - Sathish (UK)... cleared my IELTS with the group score of 8 Hi Simon, I am happy to report that I have cleared my ielts with a group score of 8 in the academic module. As a doctor I need 7 in each component. Thank you for your support. TARGET BAND 7 was a very useful book. - Afreen (Australia) Take a look at just a few of the success stories I saved from my recent students: ... Believe it or not, but you have changed my life as I now qualify for PR in Australia. I am grateful to you, believe it or not, you have changed my life as I now qualify for PR in Australia. I bought your book two days before the exam and didn't have time to practice, just read your tips two or three times and went straight to the exam center. My result was: Listening: 7.0 Reading: 6.5 Writing: 6.0 Saying: 7.0 You are doing a wonderful job! - Santos Kumar (India) I got 6.5 on the IELTS exam. My friends couldn't believe it. Your helped me achieve that achievement. Mehdi N. is a 26-year-old student from Iran currently studying in Malaysia. Six months ago, Mehdi didn't speak a word of English. Here's what he remembers from his trip to Malaysia: I remember that I was on a plane, I couldn't understand anything. I wanted to change places, but I couldn't talk about it. Now I got 6.5 on the IELTS exam. My friends couldn't believe it. Your book has helped me achieve this achievement. I'm grateful. - Mehdi (Iran) I am a doctor by profession... My total group of 7! I am a doctor by profession and had to take IELTS to migrate abroad and get registered with a medical lawyer there. I started preparing only a month before the exam. My total group of 7! I am glad that I was able to achieve this result. The Task Force 7 book has helped me a lot, specifically to improve my writing skills. I followed all the instructions and advice given there, read the sample responses over and over again to get an idea of what essays and schedule they expect us to write to reach group 7, and I practiced most reading and listening tasks. - Dr. Wasani (Sri Lanka)... I did it! I can be a teacher in Australia! I am a South African who lives and works in Taiwan. I plan to move to Australia and be a teacher there. I did the test a few weeks ago and my scores were Auditioning: 9, Reading: 8, Saying: 8.5, Writing: 6.5. So because of my letter I could not apply for teaching in Australia (need Band 7). This time (after studying with Target Band 7) my scores are: Audition: 9, Reading: 9, Writing: 7, Talking: 8.5, Total Group Score: 8.5. So I did it! I can apply for Australia!!! Thank you so much for your help, for all the advice and exercises. It helped a lot! - Annelo (Taiwan) I need Band 7 to register

as a doctor in Australia... this book has really helped me achieve my goal. Hi Simon, I have some good news to tell you. I cleared my IELTS on the first go. I got 7.5 in listening, 8 in reading, 8 in colloquialism, and 7 in writing. I passed IELTS with 7.5 bands after failing twice in the OET. You don't know what you gave me! I am a doctor and I need 7 in every skill in academic IELTS to register as a doctor in Australia. I read your book Target Group 7, and this book really helped me in achieving my goal. I'm very grateful to you. I would advise everyone who spends IELTS to read this book - it can really work wonders. Thanks again, Simone.- Dr. Harpreet Kaur, MBBS MD (Australia) Overall: 7.5!!! All because of your IELTS-blog and task force 7 book! Hello Simone, this is going to be a great weekend for me! Let me share with you why: Talking 8.5, Listening 8.5, Reading 6.5, Writing 7! Total: 7.5!!! I am so happy! And that's all because of your IELTS-blog and Task Force 7 book! Thank you so much. I'm grateful! Now I can continue my professional life with great confidence! - Inokoue (Malaysia) I have tried other books before ... they were so complicated and just made me more confused I got 7.5 in writing and 8.5 in reading, listening and talking. I think your book excellent and so easy to follow and practical. I've tried other books before and they were just so hard and just made me more I carefully recommend your book IELTS is considering because it has helped me overcome my problems with the Writing section in particular. Before that, my overall score wasn't enough, but now I've reached an overall score of 8.5, allowing me to continue my career further. Thank you again for the help your book gave me. - Marili (Australia) I felt safe when I took the test, I always knew what to expect and it allowed me to do my best When I first found out I had to take the test I didn't think it was that big deal, so I signed up to take the test for a month. Then I realized that it was a very difficult test, that you had to learn a lot. Fortunately, I found an IELTS blog and it helped me get a group score of 7 overall and 6.5 in listening and writing, 7.5 in reading and 8 in colloquial speech. Before I started practicing with the IELTS blog I had an overall group score of 5.5. I felt safe when I took the test, I always knew what to expect and it allowed me to do my best. - Frida (Sweden) No one should go to the coaching center to get a good IELTS score, if they have Target Band 7 Today I got my IELTS result. It was better than I expected - I got the overall group 7 score! When I got your book and went through it, it made me confident in the IELTS exam. You have pointed out most of the important things you may encounter in the exam. The language of your book was very easy to read and understand. The instructions for listening to the section were just great. If someone can follow your instructions he or she will definitely get a score greater than their expectations. I was worried about reading the section. But I tried to follow your instructions not to read the whole passage, but rather to scan the passage and create a map. Your 21 day routine was a great help for me. I tried to maintain this routine. This helps to focus on each section equally. No one should go to the coaching center to have a good IELTS score if they have Target Band 7. Your book made me feel relaxed, lifted my confidence, and showed me a very simple way to do better in the IELTS exam. I would be happy to offer your book to anyone who wants to take the IELTS exam. - Marouf (Bangladesh) And here's the e-book responsible for the success of these people: be sure to have an IELTS guide To Target Band 7Ed by the third edition It's written in plain everyday English everyone can understand It guides you step by step through listening, reading, writing and talking testsIt gives you clear and simple tips on how to make time to do things quickly It has examples for each task that you could ever see in IELTS It tells you how to make the best impression on your examinerIt protects you from walking in the traps of IELTS (and there are many!) He is up to date with the standards of IELTS 2020 and you will to IELTS in a month or less - that's a promise! If I had to give you 3 more reasons why you should have this book, I would say: just because after you you Read it - there will be absolutely no SURPRISES: you will know exactly what you need to do, when, why and how. You will get into the head of your experts and understand completely what they want to see. Just because it summarizes all the methods, strategies and tips you need to know and will save you tons of time and money. Only because it has been tested on many students with different English skills who have reached their target score after just 1 month (or less!) of learning with it. So what's in the e-book? There are four chapters that cover all the skills: Listening, Reading, Writing, Talking - everything that matters, anything that affects your score is explained in these chapters. There will be no surprises in the exam. The exam format is described and explained - after you read the first pages of the book, you will know what sections are there, how long each section takes and what you need to do in each section. The full practical IELTS test in the book will be a great chance for you to see what a real exam is like, and practice before it. Read this e-book in whatever order you want, the chapters are completely independent, so you can skip the chapter and come back to it later. If you listen well but you need to work on writing, you can go straight to the Writing chapter and explore it first. You can read this 92-page e-book in one day - in case you have a bad time and found this site just days before the exam. This will help you anyway, just know it: the more you practice according to the tips in this book, the better your account will be in IELTS. Your e-book is a PDF file that can be read on any computer, laptop or mobile device (iPod, iPhone, iPad, Blackberry, etc.). Take it with you wherever you go - no matter what computer you have at home, at work, at your college or university, the e-book will work. Okay, Simone, but what am I really learning? You'll learn what writing task you have to do in the first place to maximize your score - Task 1 or Challenge 2 - and why it's important. It's something most people don't even think about, but it works like magic. You will learn about the most common mistakes that many IELTS candidates make that make them lose time and marks. These are the easiest moments you'll ever earn - because you'll earn them without doing things, and don't do much easier than doing it, right? Once you give the writing techniques you've learned to try, you'll become a confident writer because you'll prove to yourself that writing an essay on any topic and reporting on any graph isn't a problem for you anymore. You will be trained how to use psychological tricks to make your work look better, such as: - what inc write in (blue or black) - whether you should your paragraphs or leave an empty line between them - what to do if you have horrible handwriting and - how to count the number of words in the essay quickly to make sure it's long enough. It's little things, but they add up and give you You want -- a big bill in writing. You will see beyond any doubt that you can be awful in math or statistics and have zero analytical ability - but still be able to write a good report. You will walk through all types of graphs used in IELTS and will give examples for all of them. You'll also get examples of responses to all types of graphs, charts, maps, and tables. You'll learn to quickly analyze any graph you can get - one line, double line, bar chart, pie chart, plan or map, table or process diagram - how to spend less time analyzing and more time writing. You'll understand how to structure your report and what to do if there's too much information - how to compact it and still get a report written in 20 minutes. You will be taught to write a grammatically correct report that uses the right times, a rich vocabulary and creates a good impression. There will be a lot of practical exercises for you to do. You will find out exactly what your experts consider a good report, why they will give you a certain score and how you can get the best score. You will learn that any essay theme you can get in IELTS belongs to one of 3 types of theme, and how to write an essay on each type of topic. You will get an explanation of the structure of your essay should get a good score. You will be taken step by step through the process of writing an essay. From the beginning, when you read the topic, to the classification - what type it belongs to, and then how to come up with ideas for the content to write quickly (in less than 5 minutes), near how to make a quick plan and how to follow it, write just the right number of words. You'll learn to write enough to get a score over the word limit, but not too much - to avoid wasting time on extra content that doesn't count on your score. You get a list of phrases to use in an essay to make it look good. This includes elegant ways to agree or disagree with the statement, deny, conclude, compare or oppose. There will be a lot of practice, with themes taken from the latest real IELTS exams. You can prove to yourself that 40 minutes is enough to write a 250-word essay on any topic they throw at you. Once you've learned the detailed test format, nothing will surprise you. You will be taught all 8 types of tasks that you can get in IELTS, what you need to do in each of them, and what your answer should look like. You will master time management and always finish on time, leaving unanswered questions and preparing your account. You will be trained to scan and find answers quickly - even if you are a slow reader. You'll learn what keywords are, how to find them, and how they will lead you to answers. You will be revealed unwritten rules, where the answers are in excerpts (and yes, there is a regularity!). You'll learn how the location of the passage - that is, the number of paragraphs - Help you find answers quickly and and and You will know what to do when you are stuck on a task. Concentration won't be a problem anymore - you'll know where to start in any kind of pass and will have a list of things to do to keep you focused. Truth / Lies / Not Considering the questions will not confuse you; answers will become crystal clear. You will have a strategy for several selection questions and gap-fill tasks. Headlines, relevant tasks will no longer take a huge portion of your precious time. You will be provided with methods to avoid traps and to solve complex issues. You will understand how making assumptions and excessive thinking can harm your score, and how to stop it from doing so. You will get links to online exercises to instill all the tips you read in your mind forever. You will even learn to use your mistakes to your advantage - a very powerful technique not known to most people. You'll learn about all 3 parts of the Speaking Test: Interview, Cue Maps and Discussions of What Happens in Each Part, What Questions to Expect and How Long Your Answers Should Be. You will go through a list of question-and-answer examples to demonstrate what you want to aim for. You will learn when to speak and when to stop to allow the examiner to move on to the next question, so that he does not feel pressed on time. You will get an exhaustive list of possible questions and topics that appeared in the past IELTS exams (and these topics are repeated a lot!). All you have to do is think about saying something on these topics to make sure you have a vocabulary. So you will never be in a situation where your expert asks something and you suddenly speak. You will step by step through the technique to develop your conversational skills - learning yourself, alone, all on your own, without a teacher or partner. This will help you succeed in becoming a better speaker, even if you don't live in an English-speaking country, don't speak English at work or uni - it doesn't matter that English is not your first language. You will learn how to improve your pronunciation, for people to understand you better - which will give you more confidence in the conversation. You will be given a solution to all possible nightmare situations when you miss an issue, don't understand it or don't have anything to say about it. Failure simply won't be an option for you. You'll find out what 9 types of tasks you can get in the listening test, including what answer you need to provide for each type of task, how many words you should write, and whether you need to tick the box or circle the correct answer. You will be given tips on how to develop your listening skills that have proven your job - even if it is your weak skill. You will be trained: 1) Avoid missing answers, do not move away from the record, even when it goes fast. 2) Recover quickly when you miss the answer - to avoid missing the following answers. 3) Ignore distractions and keep your You'll be able to keys to answers and solve all types of tasks in the most time-saving way. You'll learn what pitfalls can be when synonyms or generalizations are used to confuse you, or when a speaker takes back what was just said. There are tips on how to use the instructions in the booklet to avoid the mistakes that cost you marks. You will learn how to guess effectively, how to eliminate the wrong answers and increase your chances of success by 20%. You will know when and where spelling and grammar are important. Even copying responses to the answer sheet will be an opportunity to increase your score because of the methods you learn. New functions! The full IELTS hands-on test is now part of the book (and you'll get more tests as a free bonus!). The test includes listening, reading, writing and speaking sections, listening to recordings and transcripts showing responses in sentences, sample speaking test entries with a transcript and comment expert explaining the evaluation team's score. Test responses include model answers for writing Task 1 and Problem 2. You will get pocket tips to take with you on exam day to quickly go through all the important methods and update everything that matters in your memory. You will be given a 3-week step-by-step training plan to make sure all your skills are in the best shape on exam day. This research plan will help you make the most of your training hours. No time will be wasted and you will get progress every day. No more procrastination, wondering what skills to focus on or what tasks to practice - just follow the plan. Click here to solve your problems in preparing IELTS ForeverCommon erroneous beliefs - is that what you think, too? I don't need another book for IELTS. The truth is what you do. This is not your typical IELTS book. This book is written in plain English for ordinary people. Many other IELTS books require a certain level of English, just to read and understand them. Instead of helping you, they distract you from your main goal, which is to get a high score in IELTS. I'm not trying to impress you with all the smart words I know - my mission is to make sure you score the best you can in IELTS. That's why anyone who has enough English to manage their life and work in an English-speaking country can read and understand my books. My English is excellent; I don't need a book to prepare for IELTS. Attention of all native English speakers, future IELTS experts, English teachers or IELTS coaches: even if you were born and raised in an English-speaking country, or teach English for a living, the truth is that you need this book - well, if you want to get a fair score, that is. If I had a coin for every time I carrier language said to me: I wonder why my answers were wrong, I was convinced they were right! It's so embarrassing... I'd be a dirty rich man now. Another reason is the crushing time pressure factor and we all tend to panic when there is not enough time, no matter what our native language is. At IELTS you have to do things fast. Of course, you will get all the answers correctly if you have the time. But the reality is that there are many questions to be answered, a lot of writing to be done, and very little time to do so. This guide shows you how: Listen, hear the right answers and write down them quickly to scan the text and deal with all kinds of questions quickly - Get the essay written quickly - Build a speech in your head on any FASTThis subject book is not more effective than any other book. It's not true - it's more effective. The main problem with many IELTS candidates is that they focus on things that don't matter. Because people are busier than ever, time has become a valuable commodity, and we have a limited number of them. People who spend their time on things that have the greatest impact on their score get the best grades. This book shows you what you should and shouldn't waste time on, thereby maximizing your chances of getting a high score. I already have your ace book IELTS. I don't need Task Force 7. That's not true. If you are studying for the Academic IELTS exam, the right book for you is Target Band 7, because Ace the IELTS deals with the IELTS general learning module and there are many differences. If I have questions, no one will guide me. Not true. I personally intend to help you, so I work 7 days a week to be available to you when you need me. Not just me, but the entire IELTS-blog evaluators team works 6 days a week to help you find out what your mistakes are and how you can score much, much higher. So, how much does this book cost? Let me ask you: What price would you put on something that opens the door to your successful future? What price would you place on something that removes one factor that keeps you from achieving your goals and the life of your dreams? Having seen just how powerful the Goal Band 7 is, I think you'll easily agree that it's worth the \$100 price tag. Just do the math. It costs about \$300 to take the IELTS test (fees vary from country to country). If this book saves you from taking the IELTS test twice, you've already received a 200% return on your investment. Not bad, ha? What else do you get? TIME that you don't have to spend fishing for information all over the internet, trying one inefficient course after another only to see that they are not working, trying to understand what is important and what is not, trying to find a source of free testing practices and so on and so forth. It's time you could spend on something that really matters - your family, your friends, yourself. I know it really because I was there. It made me realize how important it is to have all this - tips, techniques and practice - in one package. But you're not going to pay \$100 for Target Band 7 today. you can't even pay half of it. If you're one of the first 175 people to buy this this You will only invest \$40.95.Now, you may be surprised..... Why should I limit it to 175 people? Because the e-book comes with the bonus of my personal support and there is a limit to how many clients I can personally help with their preparation of IELTS. To provide you with my personal best support I can only guarantee this low price and these specific bonuses for my first 175 students. So, yes, I limit the number of copies with this set of bonuses to 175 only. As soon as they disappear, that's all. You will have to act quickly for sure. Eventually I'll probably have to remove some of the bonuses or raise the price of the book. So don't wait too long.. You have to act now to fix the low introductory price and current training bonuses! Click here and prepare for a maxing scoreWhy \$40.95? It's just... 1. This is an absolute bargain when you compare it to the value of other IELTS research books. Which doesn't make it any less effective. It just makes me the person who borrowed the price of her e-books. Consider it a huge discount and save money for your future training, visa fees or use it to sign up with your professional organization. 2. This is an absolute theft when you compare it to all the strategies and techniques that will help you score for what you thought was possible and finally leave IELTS behind you. 3. This makes it more affordable for almost everyone to invest in, especially for people struggling with their exam preparation who need this e-book the most. 4. It's still priced high enough to make sure I only have serious students investing in my ebook to leave all the curious but too lazy to act and hesitant freebie seekers out (well, they'll never use it anyway). Remember that \$300 invested in exam fees... that doesn't prohibit you from having to pay over and over again if you don't..... and then compare it to investing \$40.95 in this e-book, and how it can help you avoid unnecessary failed exams, shattered confidence, endless learning... Forever. There's no risk. Investments are small. But your income can be gigantic. But, even at a discount, I want to prove to you how serious I am about helping you with your IELTS training and maximizing your score. I'm going to keep my promise with my money. Here's the biggest guarantee I've ever made: I guarantee your IELTS training will be converted to more efficient and your account will be maximised, or you'll get your money back. Use Target Band 7 without risk for 60 days (of course your book is forever, but in the next 60 days you can claim a full refund for it). Read the guide, do exercises, follow strategies and methods, and Apply this to your preparation for the next 60 days while documenting your before and after the results. If you don't improve your results and raise your IELTS Band Score, then I will not only return your purchase, I will also give you \$100 in cash back out of my own pocket. Why do I take so much risk? Because that believe so strongly in what this information can do for you. I've seen so many other people, like you, dramatically improve their score in just a few weeks. You can do the same. Here's your official certificate: Download Task Force 7 today. Get access to all methods, tips and advice, educational materials, samples, resources, even FREE BONUSS. Put Target Band 7 to test over the next 60 days. And, if your training hasn't been converted, just let me know and you'll get a full refund. Also, if at some point you don't feel that Target Band 7 is the solution that will reach you the score you need, just let me know and you will get a full refund. Yes, you can try Target Band 7 for the next 60 days with zero risk (you can save the book forever even if you claim your money is back). Your investment is protected and guaranteed. So yes, you should definitely get Target Band 7 today. If you don't, you'll kick yourself later. Plus... You get these free bonuses for people fast enough to buy now, up to 175 copies are gone: Bonus #1 NEW! To your excellent score, Simone Braverman is the founder of IELTS-Blog.com author of Ace IELTS and Target Band 7. ... You do an excellent job - providing such invaluable advice for just \$40 previously I passed the OET English exam twice but couldn't clean the writing twice. Then I have resources for IELTS and post your book. My main problem in writing was understanding the stimulus and language. Your book helped me in compiling the whole story especially the part where you consulted about the for and against the points and then proceed on. In addition, you talked about paragraphs and increasing vocabulary. I'm blind to your proposal. Task Force 7 made IELTS seem so simple that I think anyone can do it. I must admit that you are doing an excellent job of providing such invaluable advice for just \$40. My best wishes will always be with you. - Доктор Доктор Катур МВББ МД (Австралия) (Австралия) target band 7 ielts academic. target band 7 ielts academic module. target band 7 ielts academic pdf. target band 7 ielts academic module pdf. target band 7 ielts general module how to maximize your score. target band 7 ielts general. ielts journal target band 7+ pdf. ielts journal target band 7+
